APPENDIX 2B

U.S. 10/813,344

Metathesis of 2b with Grela catalyst compared to Hoveyda I catalyst

U.S. 10/613,344

APPENDIX 3A

Metathesis of 2b with different catalysts

2b was added to toluene, then the solution was added within 1h at 80°C continuously to a solution of 0.7mol% catalyst in Toluene

sample drawing after min =	030917-01	030919-01	030924-01
	Grela 2b peak area -%	Grubbs I 2b peak area -%	Hoveyda I 2b peak area -%
5	51.1	1.4	1.4

Appendices 3A and 3B.xls

APPENDIX 3B

U.S. 10/813,344

Metathesis of 2b with Different Catalysts

2b was added to toluene, then the solution was added within 1h at 80°C continuously to a solution of 0.7mol% catalyst in toluene
